Telephone: (64) 7 322 8530
E-Mail : craighaven@xtra.co.nz

TERMS AND CONDITIONS FOR 2006 STUD SEASON

1. Mares should arrive at stud without hind shoes and feet trimmed. Mares and foals will have their feet trimmed when necessary and the owner (s) charged accordingly.
2. The Stud retains the right to request that the owner (s) remove their mare for any reason that the management feels is appropriate.
3. Mare and foals will be wormed on arrival and thereafter every 4 – 6 weeks and the owners charged accordingly. Mare owners may bring their own wormers.
4. Veterinary assistance will be called in when deemed necessary by the Stud and all veterinary expenses will be charged directly to the owner.
5. Grass livery charges include \$3.00/day for a dry mare and \$4.00/day for a wet mare.
6. A non-refundable deposit is payable on delivery of the mare to stud.
7. All fees, livery, and any outstanding charges must be paid in full on collection of the mare from stud.
8. The balance of the stud fee is payable on confirmation of pregnancy by a veterinary surgeon. If no foal is produced or the foal fails to live past 24

CHILLED / TRANSPORTED SEMEN (Mares bred to Craighaven Stallions)

CONDITIONS OF BREEDING 2006

1. Identifying details must be supplied with the Breeding Contract before the mares can be bred.
2. Mare owners should employ the services of a Veterinarian or technician experienced with the use of breeding mares with chilled transported semen.
3. An identification sheet of the mare and semen details will accompany the transported semen. This is to be signed by the attending Veterinarian and returned by post to Craighaven Sporthorses.
4. All semen is sent with either an Equitainer or a special container specifically designed for transported semen. ALL containers are to be returned to Craighaven Sporthorses the same or the following day. This is very important as there will be other clients waiting for transported semen. Remember if containers are late other customers may miss a shipment.
5. The first semen collection fee is included in the service charge. Subsequent semen collections will carry a further charge of \$150.00 for each shipment of semen. This will include the collection of semen, extender & packaging used and the equipment hire. Courier fees will be charged separately according to the destination.
6. ALL SERVICE FEES ARE TO BE PAID IN ADVANCE BEFORE SEMEN WILL BE SHIPPED.
7. A Veterinary Certificate is to be supplied for both a positive pregnancy test and for mares failing to conceive by the end of the breeding season.
8. Craighaven Sporthorses requires a **minimum of 24 hours** notice that semen is required. This is to ensure that semen quality is high. Minimum notice runs the risk of low sperm numbers due to frequent breeding in the busy part of the breeding season.
9. Semen will be collected NO LATER than 2 pm of the day of dispatch. This is to be in time for courier services. Semen can be transported on Fridays or the weekend, but often an expensive surcharge will apply. Be sure that your veterinarian is aware that you will be paying for additional courier services on the weekends.

- 10. Mare owners are responsible for the security of the transported containers. Damage or loss of the container will be charged to the mare owner.
- 11. It is advised that mares being bred with transported semen have a uterine swab performed before insemination is performed. This is to ensure a clean uterine environment before breeding commences. Failure to conceive increases your costs.
- 12. Post breeding treatment should be performed by your Veterinarian to again ensure a clean uterine environment before conception can take place. It is the responsibility of the mare owner to be sure that your Vet is experienced with these procedures.
- 13. Should any mare fail to conceive after three (3) inseminations then a uterine swab/ biopsy MUST BE performed with the results posted to Craighaven Sporthorses.
- 14. SERVICE FEES ARE NOT REFUNDABLE but may be transferred as in clause 15.
- 15. In the case that the selected stallion should a) be injured to prevent breeding, b) die or c) be sold, the mare owner is entitled to transfer the breeding to another Craighaven stallion (with the service fee difference adjusted) or a refund of the service fee less the non-refundable deposit.
- 16. **MARE OWNERS ARE ADVISED THAT THE TERM 'LIVE FOAL GUARANTEE' DOES NOT GUARANTEE THAT A LIVE FOAL WILL BE BORN BY THE MARE BEING BRED.** This term entitles the mare owner to a return breeding for the same mare, to the same stallion, the following year ONLY, in the case that the mare should a) fail to conceive, b) abort the foetus or c) the foal die within 24 hours of birth. A veterinary certificate must be supplied.
